Utility XL

CENTO ADVANCED SEATING

SITTING SUPERBLY, WORKING RELAXED

The swivel chairs Utility XL are designed for the 24/7 use and for the modern XL office workplace. Their high-quality utility vehicle seat has been developed for the permanent post in trucks and buses (for aprox. 1.5 millions kilometric performance) and has been modified by cento advanced seating for the 24/7 use and the modern XL office workplace.

Utility XL

keep it simple:
Its simple adjustment possibilities, the high resilience and the uncompromising quality turn it into the ideal working equipment in offices and control rooms.
